Creative Director with **13 years** leading brand and product teams of up to **25** across **8 markets**. With a background in illustration, calligraphy and typography, I lead by growing people, turning designers into art directors and art directors into leads, and by building the system that lets a team ship before the deadline. I have hired **50+ people**, for integrity first and the will to learn second. I also prototype in code with AI, taking ideas from brief to a live staging build in days. Open to Creative Director and Head of Design roles in Europe, on-site or remote.

Available in 30 days · Can start remotely from day one (contractor or EOR) · Visa sponsorship needed for on-site roles in the UK and EU

Google UX Design Professional Certificate
Google, 2022

EXPERIENCE

Creative Director, Osira FZE

Jan 2026 – Present · Contract · Sharjah, UAE (remote from Cairo)

Software company with a portfolio of products sold to international customers.

- Lead a **25-person** team across design, product build, video and customer support, and set the design system and review standard every release is checked against.
- Take products from concept to launch: UX/UI design, AI-assisted builds on staging, and testing before release, hands-on or through the team.
- Direct launch creative: video sales letters, funnels and campaign assets.
- Route support and after-sales feedback back into each release, so the next version fixes what customers actually hit.

Creative Director, The Line Real Estate

Jul 2025 – Dec 2025 · Cairo, Egypt

Real estate company selling to high-value property buyers.

- Led a rebrand that lifted client engagement by **57%**, repositioning the brand for high-value property buyers in a competitive market.
- Directed a team of **11** designers across brand identity, launch campaigns, marketing collateral and digital touchpoints.
- Built the brand identity system from scratch: visual language, guidelines, tone of voice and an asset library used company-wide.

Creative Director, Overpowered Creative & Digital Agency

Dec 2024 – Jun 2025 · Egypt, UAE and UK (remote)

25-person creative and digital agency serving clients in the UAE, UK and Egypt.

- Directed a multidisciplinary team of **25** across branding, VFX, UI/UX and campaign design for clients in three markets.
- Rebranded the agency with one identity system and market-specific expressions for UAE enterprise clients, UK partners and Egyptian startups.
- Ran A/B-tested micro campaigns in three markets to choose visual direction on data, not assumptions.
- Moved a B2B marble client from generic consumer content to architect-targeted campaigns: **70%** rise in social engagement.
- Rewrote a flawed development quotation for SPLT, a four-sided fitness marketplace, which won the contract; then led UX across **330+** screens for four user roles.
- Restructured a mis-priced **$8k** proposal into a two-phase **$10k** engagement and won both phases.

Independent Brand Identity & UX Consultant

2021 – Present · Clients in the USA, Australia, Singapore and the Middle East

- Designed the investor deck for Hickey, a US makeup startup, which helped it secure a **$2M** investment.
- Ran user interviews for Homeats, a food delivery startup, which moved the business from a subscription to a commission model; then led the rebrand and the app UX/UI.
- Turned an Australian financial consultant's static website into a sales funnel through strategic copywriting: **12%** sales increase in the first month, zero ad spend.
- Rescued a Singapore art school's website after four freelancers failed over three years, then led an immersive 360° redesign that grew views by **70%**.
- Designed a 212-page illustrated book with 130+ images for *New York Times* bestselling author Steve Hodel.
- Contributed production-ready UI components to Freelancer.com's design system as a contractor.

Senior Product Designer, TapTools

Dec 2022 – Jun 2023 · USA (remote)

- Led UX research and user testing to find conversion bottlenecks, then redesigned the platform's core user flows.
- Delivered UI from wireframes to production-ready screens, cutting user-reported issues by **23%** within 60 days of launch.
- The redesigned dashboard helped the company secure its next funding round.

Senior Graphic Designer, Edge Holdings & Akadia Development

2021 – 2022 · Cairo, Egypt

- Led brand identity and marketing design for real estate developments across print and digital.

Senior Graphic Designer & Art Director, Like a Nerd

2018 – 2021 · Cairo, Egypt

- Owned the visual identity and directed ad campaigns, including Arabic and bilingual executions.
- One campaign generated **$125k+** in direct sales.

Designer & Marketing Lead, ADRAW

2013 – 2018 · SaaS product for the US and UK markets

- Led design and go-to-market creative, connecting brand identity with performance marketing in two markets.
- As sole designer, worked with three copywriters to build the brand's full marketing presence from scratch: website, ad creative and social.
